ABOUT HNQ

Hadi Nasser Al-Qahtani Co. (HNQ) is a leading Saudi Arabian company specializing in comprehensive engineering and construction solutions. Established in 2002, HNQ delivers integrated Civil, Structural, and Architectural (CSA) services, alongside Mechanical, Electrical, and Plumbing (MEP) systems, fire protection, skilled manpower supply, and maintenance solutions.

We are committed to the design, execution, and maintenance of both conventional and turnkey construction projects. Our high operational standards ensure timely delivery, superior quality, and cost efficiency across industrial and domestic sectors throughout the Kingdom of Saudi Arabia.

01

Our Mission

We Endeavour to meet and exceed our client's expectations to foster long term business relationship

03

Our Vision

To be the clients preferred choice of Contracting partner by providing Cost effective and Superior Quality Technical solutions.

02

Our Values

We do the work with great passion, and always enjoy new challenges. We make sure the best quality in all services. Reliable in time and budget is our hallmark. We believe in team work and systematic approach.

04

Quality Standards

Our company has distinguished itself by its best-in-class contracting work for various industrial and domestic sectors. HNQ has consistently built a reputation for Quality, on-time cost efficient project delivery and have earned the admiration and satisfaction of our valuable clients.

COMPANY HISTORY & MILESTONES

Hadi Nasser Al Qahtani Co. (HNQ) was founded in 2002 by Mr. Hadi Nasser Al-Qahtani in Al Kharj, Kingdom of Saudi Arabia. Beginning as a general contracting firm, the company rapidly built a strong reputation for delivering high-quality civil and MEP projects. Over the years, HNQ has evolved into a comprehensive engineering and construction solutions provider, offering integrated CSA, MEP, fabrication, and skilled manpower services to industrial and domestic sectors across the Kingdom.

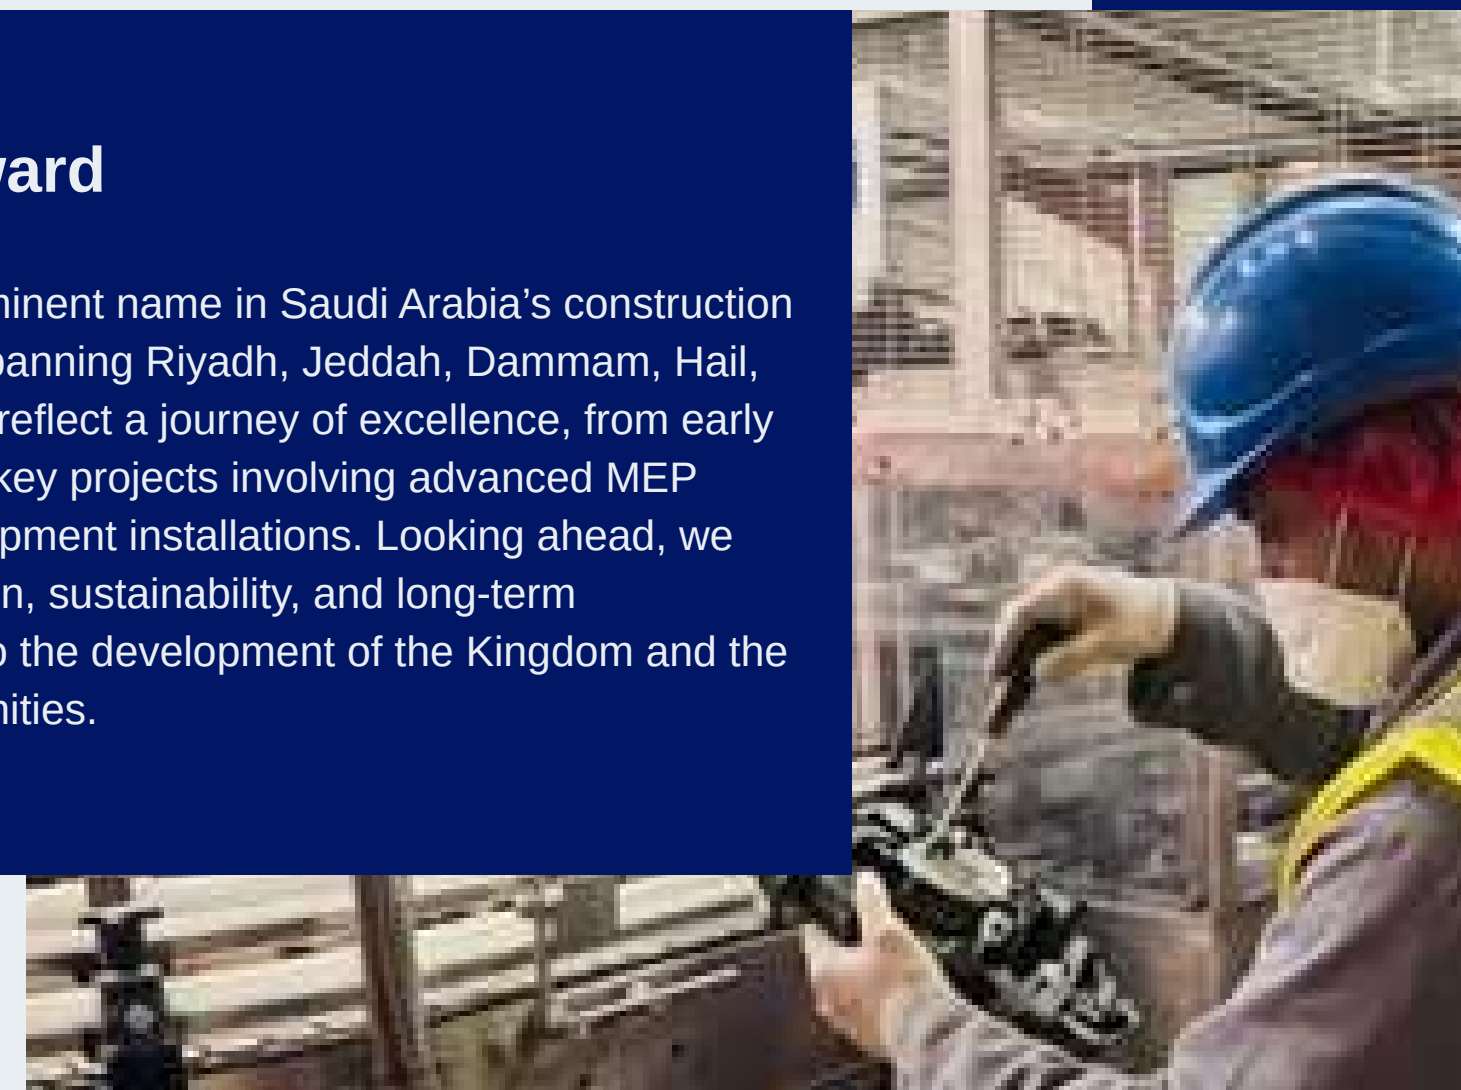

Our Journey & Achievements

The past decade has marked significant growth for HNQ. We have successfully completed numerous challenging projects, including water treatment plants (STP/ETP), poultry processing facilities, accommodation buildings, and industrial process installations for major clients such as Almarai, Veolia, WETICO, and Coca-Cola. Key achievements include obtaining ISO 9001:2015, ISO 14001:2015, and ISO 45001:2018 certifications, demonstrating our unwavering commitment to quality, environmental management, and occupational health & safety.

Looking Forward

Today, HNQ stands as a prominent name in Saudi Arabia's construction landscape, with operations spanning Riyadh, Jeddah, Dammam, Hail, and Al Kharj. Our milestones reflect a journey of excellence, from early civil works to large-scale turnkey projects involving advanced MEP systems and specialized equipment installations. Looking ahead, we remain dedicated to innovation, sustainability, and long-term partnerships that contribute to the development of the Kingdom and the empowerment of our communities.

OUR KEY CAPABILITIES

OUR SERVICES

Hadi Nasser Al Qahtani Co. (HNQ) offers a comprehensive range of construction and engineering solutions across multiple sectors in the Kingdom of Saudi Arabia. With expertise in both conventional and turnkey projects, we deliver integrated services that combine innovation, precision, and reliability to meet the evolving needs of our clients.

Building Construction

Complete structural and finishing works for industrial, commercial, and residential projects, supported by precise engineering, detailed planning, and high-quality execution.

Civil and Structural Engineering

Performance-driven design and construction of durable structures, including precast works, foundations, and integrated civil solutions.

Mechanical, Electrical, and Piping (MEP)

Design, installation, and maintenance of HVAC, plumbing, firefighting, fuel lines, pipelines, and full MEP infrastructure for optimal performance and compliance.

Fabrication and Specialized Equipment Installation

Performance-driven design and construction of durable structures, including precast works, foundations, and integrated civil solutions.

Civil and Structural Engineering

Performance-driven design and construction of durable structures, including precast works, foundations, and integrated civil solutions.

BUILDING CONSTRUCTION

Hadi Nasser Al Qahtani Co. (HNQ) excels in delivering comprehensive building construction solutions across industrial, commercial, and residential sectors in the Kingdom of Saudi Arabia. Our services encompass complete structural and finishing works, from foundations and superstructures to high-quality architectural finishes. Leveraging advanced project planning, precise engineering, and detailed execution methodologies, we ensure every project meets the highest standards of durability, functionality, and aesthetic appeal.

As a trusted general contracting partner, HNQ is committed to exceeding client expectations through reliable project execution and meticulous attention to detail. Whether developing industrial process facilities, warehouses, accommodation buildings, or large-scale commercial structures, we focus on delivering exceptional value, on-time completion, and long-term client satisfaction across the Kingdom. Our expertise in building construction continues to support major clients in achieving their development goals with efficiency and excellence.

www.hnqksa.com

CIVIL AND STRUCTURAL ENGINEERING

Hadi Nasser Al Qahtani Co. (HNQ) provides expert Civil and Structural Engineering services that form the foundation of successful construction projects across the Kingdom of Saudi Arabia. Our team delivers high-performance, compliant, and durable design solutions tailored to industrial, commercial, and residential requirements. From initial concept and detailed structural analysis to precise shop drawings and on-site execution, we ensure every element meets rigorous engineering standards and Saudi regulatory requirements.

We specialize in Civil, Structural, and Architectural (CSA) solutions, offering coordinated services that enhance project efficiency and reduce risks. Our capabilities include advanced 3D modeling for improved design accuracy, coordination, and clash detection. With a strong focus on performance-driven designs, we handle foundations, superstructures, precast elements, and complex structural systems.

www.hnqksa.com

MECHANICAL, ELECTRICAL, AND PIPING (MEP)

Hadi Nasser Al Qahtani Co. (HNQ) offers comprehensive Mechanical, Electrical, and Piping (MEP) solutions that ensure efficient, reliable, and compliant performance across diverse construction projects in Saudi Arabia. Our expertise covers HVAC systems, plumbing installations, firefighting networks, fuel lines, and complete piping infrastructure. We provide end-to-end services including design, fabrication, installation, testing, and maintenance, integrating advanced technologies to optimize energy efficiency and operational reliability.

In the electrical domain, HNQ specializes in HV, MV, and LV systems, including cable laying, panel board fabrication and installation, lighting systems, and advanced low-current solutions. Our mechanical services extend to equipment installation, utility hook-ups, conveyor systems, and prefabricated structures. All MEP works are executed with strict adherence to international standards and Saudi regulatory requirements.

www.hnqksa.com

FABRICATION AND SPECIALIZED EQUIPMENT INSTALLATION

Hadi Nasser Al Qahtani Co. (HNQ) excels in fabrication and specialized equipment installation services, delivering custom solutions for complex industrial and process-oriented projects across Saudi Arabia. Our capabilities include precision fabrication of structural steel, piping systems, skids, and specialized components tailored to client specifications. Using advanced techniques and high-quality materials, we ensure durability, safety, and compliance with international and local standards.

We provide comprehensive support for equipment installation, including mechanical utility hook-ups, conveyor and packing lines, process equipment integration, and full system testing. Our experienced teams handle everything from prefabricated structures to intricate automation setups, ensuring seamless integration with existing MEP and civil works. Rigorous quality control and commissioning processes guarantee optimal performance and minimal downtime.

www.hnqksa.com

SKILLED MANPOWER SUPPLY

Hadi Nasser Al Qahtani Co. (HNQ) provides reliable and professional Skilled Manpower Supply services to support major contractors and industrial clients across the Kingdom of Saudi Arabia. We supply highly qualified engineers, technicians, supervisors, foremen, and skilled laborers across civil, mechanical, electrical, and support disciplines. Our personnel are carefully selected through professional recruitment processes and undergo rigorous training to meet project-specific requirements and safety standards.

As a trusted partner in manpower supply, HNQ empowers projects with competent, motivated professionals who contribute directly to timely and successful project delivery. Our commitment to workforce development, safety, and performance has earned the confidence of leading organizations. Whether supporting large-scale construction or specialized industrial operations, HNQ's skilled manpower solutions deliver efficiency, reliability, and exceptional value.

www.hnqksa.com

PRECAST WORKS

Hadi Nasser Al Qahtani Co. (HNQ) specializes in safe and efficient precast works, including dismantling, removal, transportation, and erection of precast structures for commercial, industrial, and residential projects across Saudi Arabia. Our experienced teams handle various precast elements such as walls, beams, columns, slabs, and specialized components with precision and care. We utilize modern equipment and proven methodologies to ensure structural integrity, speed of installation, and minimal disruption to ongoing site activities.

Committed to excellence, HNQ delivers reliable precast works that enhance project efficiency and long-term durability. Our focus on precision, safety compliance, and client satisfaction has made us a preferred partner for major contractors seeking high-quality precast solutions in the Kingdom of Saudi Arabia. Whether for new developments or modifications, we ensure seamless execution and superior results.

www.hnqksa.com

INDUSTRIAL PROCESS FACILITIES

Hadi Nasser Al Qahtani Co. (HNQ) specializes in the customized design and construction of efficient, sustainable industrial processing facilities across the Kingdom of Saudi Arabia. We deliver complete solutions for food processing plants, manufacturing units, and specialized industrial environments, integrating civil works, structural engineering, and advanced MEP systems. Our projects emphasize operational efficiency, hygiene standards, safety compliance, and long-term durability.

From concept and detailed engineering to construction and commissioning, HNQ ensures seamless execution of industrial process facilities. We have successfully delivered poultry processing plants, water treatment facilities, and related infrastructure for major clients such as Almarai. Our expertise in prefabricated structures, utility installations, and process integration enables faster project timelines while maintaining the highest quality standards.

www.hnqksa.com

STRUCTURAL & ARCHITECTURAL DESIGN

Hadi Nasser Al Qahtani Co. (HNQ) delivers performance-driven Structural and Architectural Design solutions that combine innovation, functionality, and durability. Our expert team provides comprehensive design services for industrial, commercial, and residential projects across Saudi Arabia, ensuring full compliance with local regulations and international standards. From conceptual design to detailed engineering drawings, we focus on creating structures that are safe, aesthetically pleasing, and optimized for long-term performance.

We offer integrated Civil, Structural, and Architectural (CSA) solutions with advanced 3D modeling and Building Information Modeling (BIM) capabilities. These tools enhance design accuracy, improve coordination between disciplines, and minimize errors during construction. Our designs prioritize sustainability, cost efficiency, and adaptability to future requirements while maintaining the highest standards of structural integrity.

www.hnqksa.com

INTEGRATED CSA SOLUTIONS

Hadi Nasser Al Qahtani Co. (HNQ) provides fully integrated Civil, Structural, and Architectural (CSA) solutions that ensure seamless coordination and efficient project delivery across the Kingdom of Saudi Arabia. Our multidisciplinary approach combines civil engineering, structural design, and architectural excellence into a single cohesive framework, reducing interfaces, minimizing risks, and optimizing timelines. We deliver complete CSA packages tailored to industrial, commercial, and residential developments.

From initial concept and feasibility studies through detailed design, 3D modeling, and construction support, our experienced team ensures every element works in perfect harmony. This integrated methodology improves constructability, enhances quality control, and achieves significant cost and time savings while maintaining the highest standards of safety and sustainability.

www.hnqksa.com

ADVANCED 3D MODELING

Hadi Nasser Al Qahtani Co. (HNQ) utilizes advanced 3D modeling and Building Information Modeling (BIM) technologies to deliver high-precision designs for complex construction projects across Saudi Arabia. Our expert team creates detailed digital models that accurately represent every aspect of the project, enabling superior visualization, clash detection, and coordination between civil, structural, architectural, and MEP disciplines. This approach significantly reduces errors and rework during construction.

By leveraging state-of-the-art 3D modeling tools, we improve design accuracy, enhance collaboration among stakeholders, and optimize construction sequencing. These models facilitate better decision-making, material estimation, and project planning, resulting in improved cost control and faster project delivery while maintaining the highest standards of quality and safety.

www.hnqksa.com

PROCESS CONTROL LOGIC DEVELOPMENT

Hadi Nasser Al Qahtani Co. (HNQ) offers specialized Process Control Logic Development services to enhance automation and operational efficiency in industrial facilities across the Kingdom of Saudi Arabia. Our expert team designs and implements intelligent control systems that integrate seamlessly with mechanical, electrical, and instrumentation setups. These solutions ensure precise process management, improved safety, and optimized performance in complex manufacturing and processing environments.

We develop robust control logic for SCADA systems, PLC programming, and automated sequences tailored to specific client requirements. From initial concept and simulation to testing and commissioning, HNQ ensures reliable and user-friendly control systems that minimize downtime and maximize productivity. Our solutions comply with industry standards and incorporate the latest technologies for future scalability.

PROJECT HIGHLIGHTS: WATER TREATMENT PLANTS

HNQ has successfully delivered multiple water treatment projects, demonstrating expertise in design, RCC construction, and full MEP integration. These projects support industrial clients with sustainable and efficient water management solutions.

Project Title	Location	Client	Status	Scope of Works
Design & Construction of STP2 – ETP2 Water Treatment Plant	CPP-3, Almarai, Al Kharj	WETICO Co.	Completed	Design of tanks & substations; RCC tank construction; building works; MEP works
Sewage Treatment Plant	PPP-2, Hail, HADCO	Veolia	Completed	Tank & blower room design; RCC construction; MEP works
PET & ETP Facilities	PPP-3, Hail, HADCO	Almarai	Completed	Design & construction of tanks and buildings; plant rooms; MEP works
RCC Processed Water Tank	Dammam	Coca-Cola, Aujan	Completed	Design & construction of tanks & buildings; plant rooms; MEP works

PROJECT HIGHLIGHTS: PLANTS, WAREHOUSES & HOUSING

We have executed key infrastructure projects including processing plants, warehouses, and accommodation facilities with complete civil and MEP scope.

Project Title	Location	Client	Status	Scope of Works
Poultry Processing Plant -1	Hail, KSA	HADCO, Almarai	Completed	Civil works for plant rooms, fire tank & pump room; MEP works
Phase 1 Accommodation Buildings	Gazelana, Alshamli	Almarai	Completed	Building design, precast construction; MEP works
Milk Intake Initiative	CPP-2, Al Kharj	HADCO, Almarai	Completed	Civil works, Mechanical & Electrical works
Engineering Store Construction	CPP-2, Al Kharj	Almarai	Completed	Civil construction; MEP Installation

PROJECT HIGHLIGHTS: INDUSTRIAL PROCESS SOLUTIONS

HNQ provides specialized electrical and mechanical services for industrial automation and processing lines, with a strong focus on Almarai projects.

Project Title	Location	Client	Status	Scope of Works
MEYN Process Equipment – Electrical & Control Cabling	PPP-1, Hail	Almarai	Completed	Cable trays, Control & power cabling; termination, testing
Electrical Systems for Secondary Automation	PPP-2, Hail, KSA	Almarai	Completed	Cable trays, control & power cables; equipment termination; commissioning
Power & Control Cabling – Poultry Processing Equipment	PPP-3, Hail	Almarai	Completed	Cable trays; LAPP cabling; termination; plant testing
Mechanical Utility Hook-up – Secondary Automation (PPP-2)	PPP-2, Hail, KSA	Almarai	Completed	Equipment Installation; conveyor & packing lines; utilities; testing

CASE STUDIES

HNQ has successfully executed numerous high-impact projects that demonstrate our technical expertise, commitment to quality, and ability to deliver complex engineering solutions on time. The following case studies highlight our capabilities in water treatment and industrial processing facilities, showcasing our integrated approach to design, construction, and MEP works.

STP2-ETP2 Water Treatment Plant (Almarai, Al Kharj)

Completed on schedule, this project involved full design, RCC tank construction, building works, and complete MEP integration. The facility significantly enhanced water management efficiency for the client while strictly complying with quality and environmental standards.

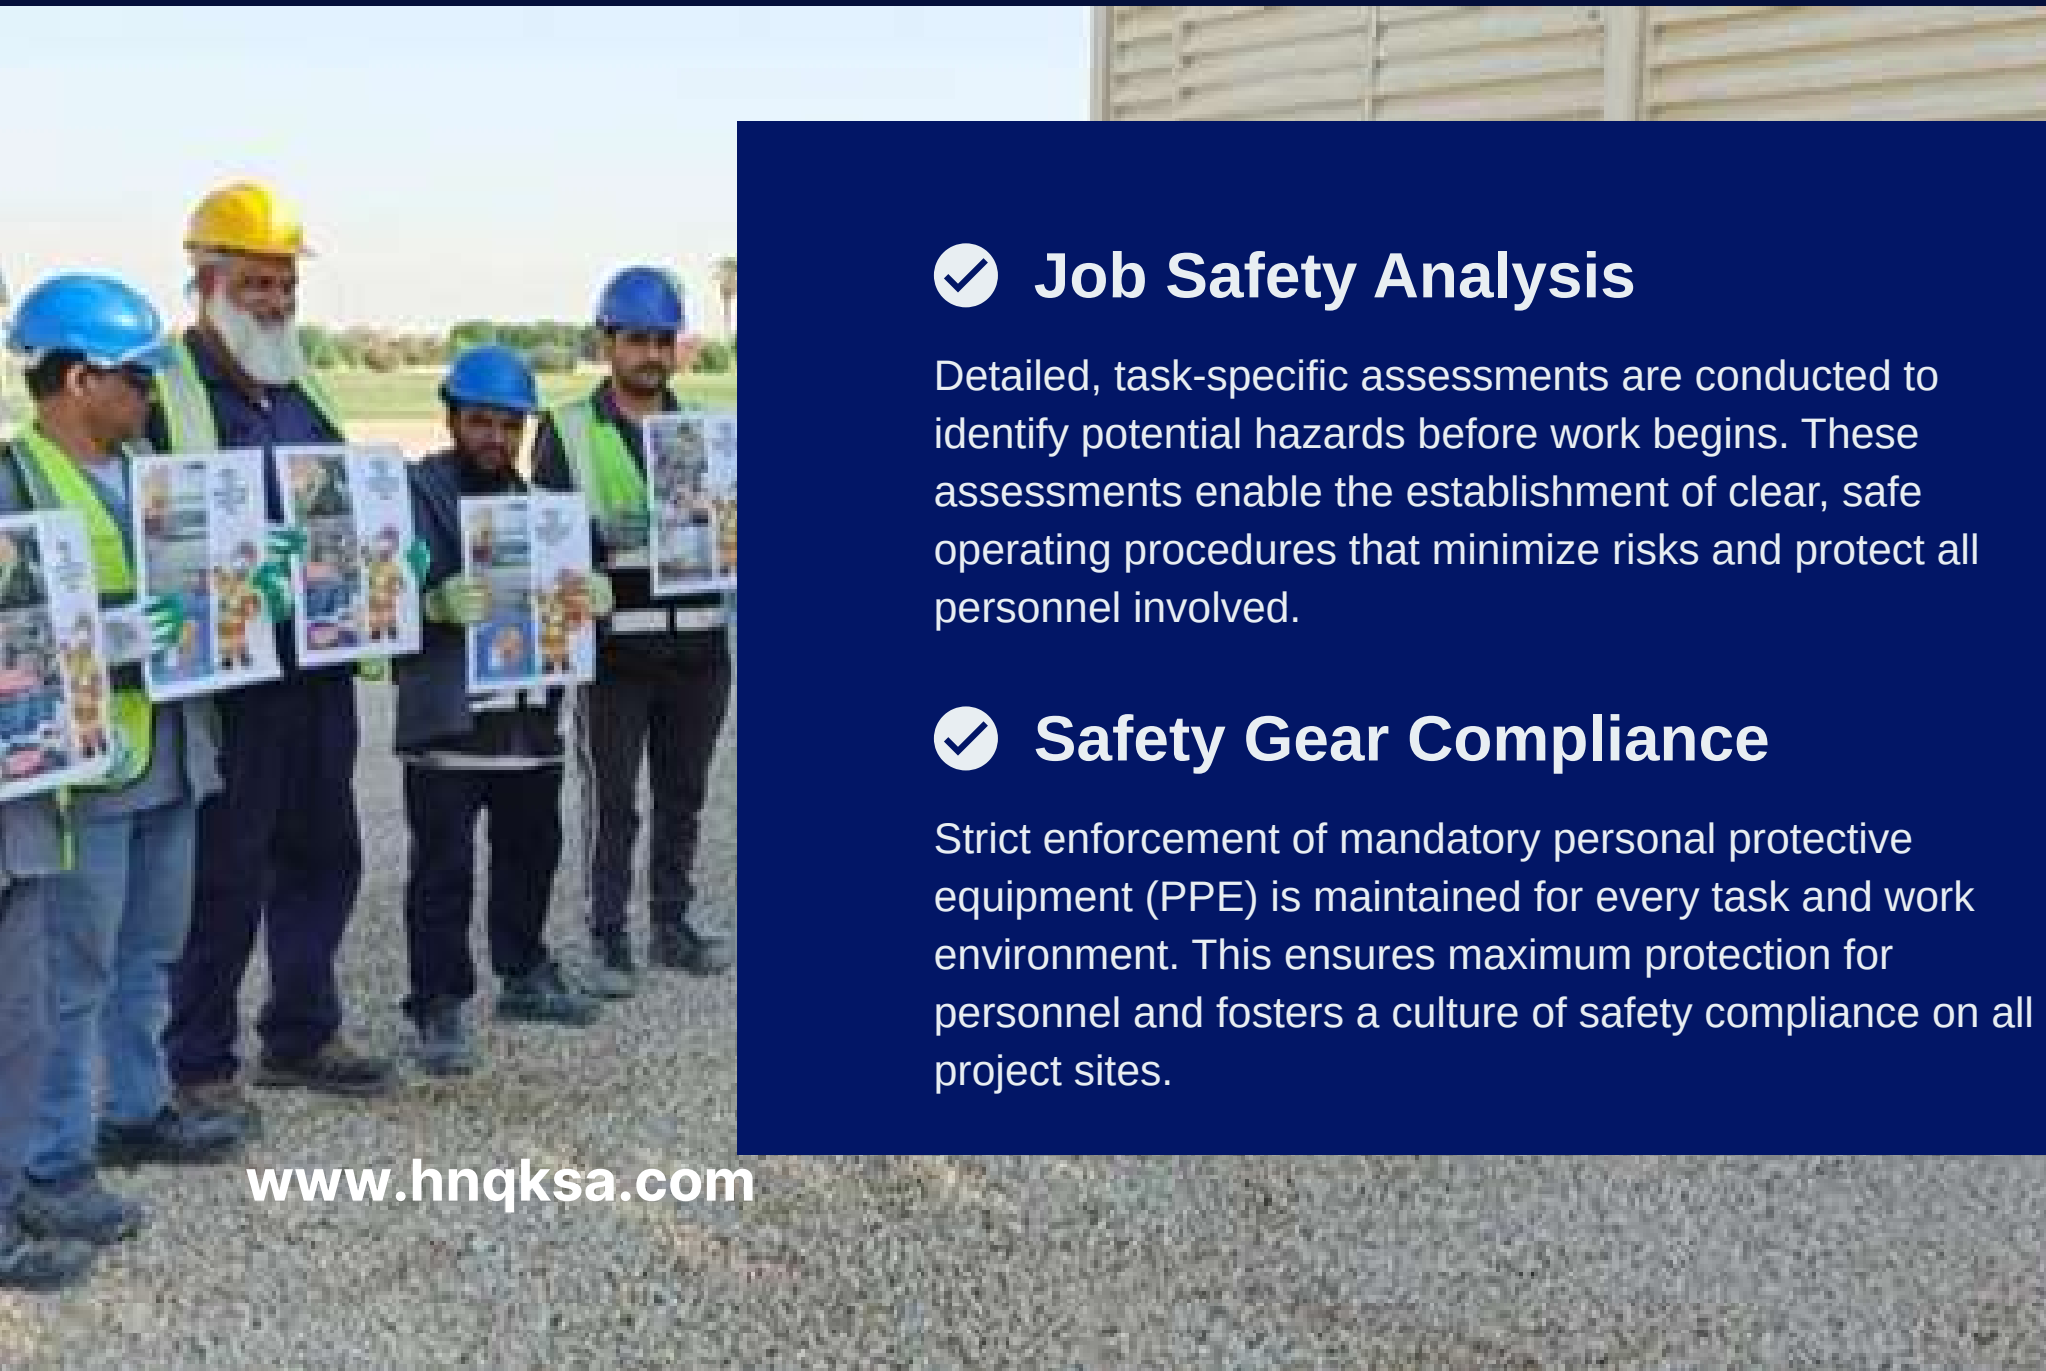

Poultry Processing Plant Electrical & Mechanical Works (Almarai)

We delivered comprehensive power and control cabling, specialized equipment installation, and automation support. The works resulted in increased production capacity and improved operational reliability, reinforcing our position as a trusted industrial partner.

www.hnqksa.com

HEALTH & SAFETY MEASURES

Hadi Nasser Al Qahtani Co. (HNQ) places the highest priority on the health, safety, and well-being of our employees, contractors, and all stakeholders. We are fully committed to maintaining a zero-incident work environment through proactive risk management, strict compliance with Saudi Arabian government regulations, and international best practices. Our dedicated HSE team ensures that safety remains an integral part of every project phase.

✓ Job Safety Analysis

Detailed, task-specific assessments are conducted to identify potential hazards before work begins. These assessments enable the establishment of clear, safe operating procedures that minimize risks and protect all personnel involved.

✓ Safety Gear Compliance

Strict enforcement of mandatory personal protective equipment (PPE) is maintained for every task and work environment. This ensures maximum protection for personnel and fosters a culture of safety compliance on all project sites.

✓ HSE Training & Simulations

Regular, comprehensive training programs are provided to equip employees with essential safety knowledge and skills. These are complemented by realistic emergency drills that enhance preparedness and awareness across all organizational levels.

✓ Site Access Control

Regulated entry and exit protocols are implemented to maintain a secure and controlled working environment. These measures effectively prevent unauthorized access and support overall site safety management.

WHY CHOOSE HNQ

Hadi Nasser Al Qahtani Co. (HNQ) is a trusted partner in Saudi Arabia's construction industry, known for proven expertise, reliability, and a client-centric approach. We deliver integrated CSA, MEP, and manpower solutions with emphasis on sustainable practices, quality workmanship, and timely execution, meeting international standards while ensuring cost efficiency and long-term value.

Our Team

HNQ's strength lies in its skilled and dedicated professionals, including experienced engineers, technicians, supervisors, and safety officers. Selected through rigorous recruitment and continuously developed through training, our team brings technical excellence, innovation, and a strong safety culture to every project. Their expertise ensures seamless coordination and successful delivery of complex construction and engineering assignments.

Our Team

As a reliable general contracting and skilled manpower supply company in Saudi Arabia, HNQ is dedicated to building lasting relationships based on trust, transparency, and exceptional service. We empower our clients to achieve their development goals while contributing positively to the growth of the Kingdom. Partner with HNQ for projects that demand professionalism, quality, and complete peace of mind.
